

The world this week

Week beginning 13.12.2021

Presented by The Day in partnership with Oddizzi

Where are we this week?

This country begins with a 'D'

It's in Europe,
near Germany.

Its national
animal is
a lion!

It is Denmark!

It's a kingdom in Scandinavia with a population of 5.8 million.

Its capital city is Copenhagen.

Hej!

UTC +1 hour

Why is Denmark in the news?

Because Copenhagen has been voted the greenest city in the world...

...and it plans to become even more sustainable by 2025!

Copenhagen has great air quality, a lot of green spaces, and uses renewable energy.

Many buildings have green roofs and solar panels...

...the city centre is free of cars, and most people travel by bike!

Over to you!

Using the world map where is this country in relation to the Tropics and Equator? What do you think the climate is like?

Do you know any facts about Denmark?

Which types of renewable energy can you name?

Over to you!

Do you think the place where you live is sustainable? How could it be made greener?

Thank you!

We'll see you next week for your new "The World This Week" resource!
