

## The Wise and Foolish Builders.

There were two builders who wanted to build themselves

a house each.

The first builder was lazy and quite foolish. He

decided to build his house on the sand.

The house was built very quickly but it didn't have any

foundations.

         
The second man was very wise and he decided to

      
build his house on the rock.

        
It was hard work but the house was strong and had

   
deep foundations.

        
That night a powerful storm hit. The house on the

         
rock stood tall and strong. But the house on the sand

   
fell down.

Jesus

said

that

if a

person

listens

to

and follows

his

teaching

then

they

are

like

the

house

that

was

built

on

the

rock.

These

people

will

have

strong

foundations

for

their

lives.
